Double Patenting

Claims 24-26 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 1-4. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k). Claims 1, 2, and 24 for example, meet this criterion. Claims 3 & 25 and 4 & 26 also are duplicates. The applicant's response is noted, but not persuasive, because there is insufficient difference in scope between many of the claims. All of the duplicate claims must be canceled.

Conclusion

The art rejection under 35 U.S.C. 102/103 are withdrawn because the limitations brought forth in the applicant's amendment rendered the applicant's invention novel over the cited prior art.
